

EverFi—Financial Literacy

The EverFi—Financial Literacy course leverages video, animations, 3-D gaming, avatars and social networking to bring financial skills to life for today's digital generation. Users will master financial concepts by completing numerous interactive activities that include creating a diverse investing portfolio and navigating the stock exchange, along with many others. The skills built through the high school course will help lay the groundwork for a positive, productive financial future as students enter their precollege years.

The educational experience

The Everfi—Financial Literacy course features nine modules geared at equipping high school students with the skill set necessary to be financially responsible adults. The course covers over 600 financial topics including banking, credit scores, insurance, credit cards, mortgages, taxes, stocks, 401(k)s, savings, and other critical concepts. The system tracks user progress and results from diagnostic surveys and content assessments, and reports the unique score of each user after completing the course.

Select Course Modules

Filling Out the FAFSA Form – Students learn first-hand how easy filling out the Free Application for Federal Student Aid (FAFSA) form can be. In this activity, students go through the form step-by-step, answering questions on how to fill out certain sections, where to apply online, and where to go for help if they get stuck.

Understanding Your Paystub – You just got your first paycheck, but wait...that number can't be right. In this activity, students practice how to read the components of their paystub, including the effect of taxes and deductions on net pay.

Can You Afford To Buy A Car? – That brand new sports car may be calling your name, but there are a lot of things to consider before buying your first car. Students pick a car to buy, and see whether it will push their budget to the limit.
